# ABOUT US

## Premier Vanguard T/A Premvan was born in 1981.

From humble beginnings in 1981, selling paper rolls from a van to forty years and one merger later, we are now an evo group company.

Family-owned in the third generation, we're the UK's largest paper roll manufacturer, employing over 80 people within 35,000 square foot premises located where it all began-in Bradford, West Yorkshire.

We help businesses grow and prosper- thanks to our prices, quality, and dedicated team of account managers. Some customers have been with us from the day they began. We strive to provide the best for every customer we work with and focus on developing a personal relationship with every individual. We can also personalise most of our products with your logo. Interested in a product but can't see it in our catalogue? We work with trusted suppliers within the UK and can source anything for you.

## Don't just take our word for it....

*"Premvan have supplied equipment, consumables, branded items and more to our network of cafes across the UK for several years. Our account manager, Emma Medley, really looks after all of our sites, even working with us to create a portal specifically for the Love Brownie's cafes, meaning each site can order everything they need quickly and easily*

*Premvan's one stop shop approach saves us a significant amount of time and effort, searching for items and comparing quotes. If we need something they don't already stock, they'll find it!"*

# Colour Coded Cleaning

When ordering cleaning products - please consider the benefits of colour coded cleaning.

The process of designating a specific colour of cloth, mop, brush, glove or bucket to an area of the workplace ensures that germs and bacteria have not been moved around the building. Colour coded cleaning is particularly important in communal areas such as kitchens or bathrooms and all workplaces should train cleaners and staff to understand the importance of reducing cross-contamination.

We stock a wide range of coloured cleaning hardware, to ensure that your workplace is a germ free environment.

### Antigo Terra Porcelain Range

Antigo, Portuguese for old or ancient, is inspired by the aging of Bronze. The grey finish with subtle highlights of green captures this process like no other with an unusual sense of historical importance. Natural variations in the reactive glaze adds to the authenticity of the range.

- Inspired by the aging process of bronze.
- Terra stoneware adds individuality and style to food presentation.
- Natural variations in the reactive glaze adds to the authenticity of the range.
- A distinct alternative to white porcelain great for Mediterranean, south American cuisines and tapas dishes.

### Vogue Clear Wide Neck Squeeze Bottle

Apply sauces with great accuracy with the Vogue 16oz wide neck squeeze sauce bottle. Boasting an incredibly thin nozzle, the bottle distributes sauce with expert precision when plating up, allowing you to add that perfect finishing touch to each dish. Designed with a wide neck and screw top, the bottle can be refilled without any spills to help keep your kitchen clean. And with its clear polyethylene construction, the bottle helps you see when you are running low on sauce to allow you to quickly refill and reorder stock.

### Vogue Clear Squeeze Sauce Bottle

The clear material means it's easy to keep track of usage, so there's no chance of running empty midway through a service. When the time does come for a refill, a wide neck and screw top design ensures it's quick and easy with no spills or wastage. The thin nozzle also allows you to apply sauces with accuracy, so you can plate up any dish with maximum precision. The squeeze bottle is dishwasher-safe too, although for maximum hygiene it's recommended to clean the spout by hand.
